

INVITATION

Pfizer Medical Learning Academy

THURSDAY,
NOVEMBER 16TH
2023

CHÂTEAU DU LAC
AT GENVAL

The **Pfizer Medical Learning Academy** is a one-day national learning and network opportunity organized by Pfizer Medical, where we aim to collaborate with scientific experts to provide lectures and workshops to specialists interested in latest updates in infectiology.

[REGISTER HERE](#)

The day will include scientific sessions on diagnostics, guidelines, and general management of patients with viral, bacterial and fungal infections.

Workshops will enable collaboration and networking between colleagues fostering future collaborations.

We hope to welcome you during this medical event.

Schedule

9:00-9:30

Welcome

AN VAN GERVEN (Pfizer Country Manager BeLux)
& **VINCENT SEYNHAEVE** (Pfizer Country Medical Director BeLux)

9:30-11:00

KEYNOTE
LECTURE &
DISCUSSION

How COVID-19 changed healthcare

PROF. MARC VAN RANST (KU Leuven)
Overview of COVID-19: Where are we?

PROF. PHILIPPE CLEVENBERGH (CHU Brugmann)
Organizational aspect of clinical settings

11:00-11:20

Coffee break

11:20-12:30
1ST WORKSHOP

OPTION 1

Artificial intelligence
in healthcare

PROF. ERIK RANSCHAERT
(UZ Gent)

OPTION 2

Speed reading scientific articles

KOEN CALLAERTS
(Expert academy)

12:30-13:30

Lunch

13:30-14:45
2ND WORKSHOP

OPTION 1

Difficult to treat infections in
the ICU: new algorithms &
therapeutic agents

PROF. JOOST WAUTERS
(UZ Leuven)

CAPA/IAPA: from bench to bed

PROF. NATHALIE LAYIOS
(CHU Liège)

New therapeutic agents
and their PK/PD, AMR/AMS

OPTION 2

Long COVID: a new condition?

PROF. ELISABETH DE WAELE
(UZ Brussel)

Long COVID: What? Why? And how?

PROF. JOHAN VAN WEYENBERGH
(KU Leuven)

Biomarkers and therapeutic target
discovery in Long Covid

14:45-15:00

Coffee break

15:00-16:30
3RD WORKSHOP

OPTION 1

Clinical management of
respiratory infections

CHAIR:

PROF. EVA VAN BRAECKEL
(UZ Gent)

Chronic Pulmonary Aspergillosis

PROF. JOOST WAUTERS
(UZ Leuven)

Pneumocystis case: interpreting PCR,
diagnosis & treatment

PROF. PHILIPPE CLEVENBERGH
(CHU Brugmann)

PCR techniques & diagnostics in
atypical pneumonia

OPTION 2

From prevention to diagnosis and
treatment: an interactive practical
guide to fungal infections

CHAIR:

DR. ALEXANDER SCHAUVVLIEGHE
(AZ Sint Jan)

SPEAKERS:

DR. TOINE MERCIER
(AZ Sint Maarten)

DR. ROBINA AERTS
(UZ Leuven)

DR. SAMMY HUYGHENS
(Erasmus MC)

16:30-16:45

Closing session

AN VAN GERVEN (Pfizer Country Manager BeLux)
& **VINCENT SEYNHAEVE** (Pfizer Country Medical Director BeLux)
